Thro

Traditional fire fighting methods require people trained in fire fighting or professional firefighters. Thro was developed to provide every person with the tools to fight fire by making it as easy to use as throwing a ball.

Thro is a fire extinguisher shaped in such a manner that it fits into the palm of our hands and can be thrown into fire to suppress it. Apart from being functional Thro provides an aesthetic appeal and integrates with the environment it is kept in, without looking out of place.

About Us

Deccaleap owns the brands Thro and F-Protekkt.

Deccaleap is an SPV of Deccan Water Treatment Private Limited. Deccan Water Treatment focuses on B2B products while Deccaleap is the consumer division of Deccan Water Treatment.

F-Protekkt is the first brand to be launched under Deccaleap followed by Thro.

F-Protekkt provides effective fire protection by automatically detecting and extinguishing automotive fires, thereby preventing loss of life and property.
